Learns and loves GNU/Linux

CHITWANIX OS

Creates a distro as hobby

Connects with local Open Source Community

My Journey with Free and Open Source

16 year young tech enthusiastic kid !

Learns and loves GNU/Linux

Creates a distro as hobby

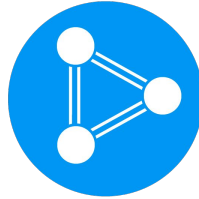

Connects with local Open Source Community

Starts working as Freelancer and started contribution to Open Source

My Journey with Free and Open Source

With the Power of Free and Open Source Software !

UbuntuDDE Remix was born!

What is UbuntuDDE Remix?

What is UbuntuDDE Remix?

Ubuntu

What is UbuntuDDE Remix?

Ubuntu + **DDE**

# What is UbuntuDDE Remix?

Ubuntu + **DDE** = **UbuntuDDE Remix**

How the project started?

How the project started?

- I always loved Deepin DE and their apps.

How the project started?

- I always loved Deepin DE and their apps.

- Deepin switched to Debian stable (older but super stable version of applications).

How the project started?

- I always loved Deepin DE and their apps.

- Deepin switched to Debian stable (older but super stable version of applications).

- COVID-19 lockdown got some free time to dream.

How the project started?

- I always loved Deepin DE and their apps.

- Deepin switched to Debian stable (older but super stable version of applications).

- COVID-19 lockdown got some free time to dream.

- Started dreaming about the combo of Ubuntu with Deepin Desktop Environment.

How the project started?

- I always loved Deepin DE and their apps.

- Deepin switched to Debian stable (older but super stable version of applications).

- COVID-19 lockdown got some free time to dream.

- Started dreaming about the combo of Ubuntu with Deepin Desktop Environment.

- Once ready for use, we released to the community.

UbuntuDDE Remix Releases

Version	Codename	Release Date
20.04	focal (Focal Fossa)	5th April, 2020
